Mr. George Hagenester
Vice President
Gannett Outdoor of New Jersey
185 U.S. Highway 46
Fairfield, New Jersey 07006-2380

Dear Mr. Hagenester:

I am writing to thank you and Ms. Massood for taking time to meet with us last week.

The meeting provided us with the opportunity to present our story and, at the same time, exchange ideas and information with representatives of a supportive company. Indeed, the Gannett Foundation has demonstrated its commitment in the war against the AIDS epidemic.

As you are aware, the Newark Community Project for People With A.I.D.S. in conjunction with the Newark AIDS Coordinator and the Minority Health Institute of U.M.D.-N.J., has initiated a comprehensive effort to plan a networking of social service agencies, health care providers, and community-based organizations to better coordinate the delivery of essential services to combat the epidemic and foster the humane care and treatment of those afflicted.

The multi-faceted action agenda which this process will yield on or about June 30th should form the basis for the proposal we discussed in your office.

We are most thankful for your consideration and look forward to working with you in the months to come.

Sincerely Yours,

Derek T. Winans
Chairman
